

High Five Netball Festivals November 2016

A Level 2 School Games High Five Netball festival took place at Wellington Academy. Schools were split into 2 pools and this was followed by semi-finals and then the final. Matches were 8 minutes one way, and due to not being able to lower the Netball posts we gave schools 1 point if they hit the ring and 2 points if they scored. Matches were played over 3 courts and thank you to Wellington students who helped by scoring, umpiring, and time keeping. The standard of play was very good, with great passing and using the space well.

Another festival took place at Avon Valley College. Schools played in a round-robin competition to find the winning school. Matches were 8 minutes one way so there was no time to mess around, goals had to be scored quickly. Matches were played over 3 courts and thank you to Val from Blue Jays Netball club for umpiring. AVC students helped by scoring, running the line, and time keeping.
