

Secondary Gymnastics Festival

The Level 2 School Games secondary Gymnastic competition took place at Avon Valley College. This year we had 4 schools taking part in two different competitions—the beginners where the students perform a set routine and intermediate where students create their own sequence containing set moves. Both competitions also have to perform 2 vaults and both the floor and vault are marked out of 10. A massive thank you to two coaches from J Star Gymnastics who judged the floor competition. The top 4 scores from each team were added together to form a team score.
