

Avon Valley School Games Level 2 Quadkids Festival

Year 8 Quadkids took place at Marlborough College track on the 12th May on a lovely sunny day. The students had to compete in 4 events - 100m, 800m, Long Jump and Vortex throw. The distances and times equated to points and all the points were added together to give individual and then team results.

The event was led by Sports Leaders from Malmesbury School. They officiated all of the events and were professional throughout.

Results
